OUR SERVICES

- **Dynamic Tracking** We intergrate with carriers via EDI/API with our team monitoring exceptions. Updates are available upon request through email or text, or through utilizing Translogistic's TMS.
- **Claim Services** Our average length to resolve a claim is 26 days! Each claim will be proactively traced with a progress report sent out weekly, monthly, and annually.
- **Contract Negotiations** We negotiate on behalf of your company to establish customer specific pricing tailored to your needs.
- **Carrier Scorecard** Using metrics, TLI will be tracking how well each carrier performs for your company.
- **Account Management** Your account manager will provide your company with KPI's, strategies to enhance your supply chain, and various reports.
- **Invoice Audits** Our team of auditors will audit each invoice to ensure proper charges and clients will receive one consolidated invoice weekly.
